New Programs

- **Associate of Arts in Political Science**
 - The Associate of Arts Degree in Political Science is an Open Enrolment program. It is intended to prepare students to pursue third- and fourth-year courses at university as majors or minors in Political Science. The degree will also be beneficial for those students who wish to pursue careers in journalism, government, social policy, or law.
- **Citation: Access Langara**
 - This Limited Enrolment program is designed for students who are non-native English speakers. It is a bridging program for students who wish to improve their English composition, comprehension, and study skills while simultaneously taking university studies courses.

Open Enrolment

- Previously known as Arts & Science
- Divided into individual program concentrations
- Entry requirements:
 - Graduation from BC High School or equivalent

SFU - Langara Dual Admission Program

Earn a Bachelor of Arts (BA) Degree or a Bachelor of Science (BSc) Degree from Simon Fraser University while studying at both Langara and SFU.

Admission requirements:

You must meet SFU's admission requirements for the Faculty of Arts and Social Sciences at SFU (BA) OR the Faculty of Science at SFU (BSc), OR the Faculty of Health Sciences (BA/BSc).

The SFU - Langara Degree Program allows you to move freely and easily between both institutions to complete the lower division requirements

This is not the same as transferring from Langara to SFU.

Open Enrolment

- Students who have been accepted to Open Enrolment programs have access to all university studies courses regardless of concentration as long as they meet the individual course prerequisites
- For students who apply to more than one program at time of application please advise them that the system will only allow them to accept one program
- Students can change their planned course of study at any time by filling out the Program Change Request Form (available online under Student Forms)
- It is not mandatory to select 3 programs at the time of application
